

Safety information (EN)

This product has been developed and is to be used exclusively for its intended purpose.

Only use the product in its original condition and undamaged with the original parts supplied or spare parts expressly approved by the manufacturer.

The following potential risks have been identified:

- ! **Material breakage** due to overloading or improper handling, associated with a risk of cutting injuries (see addition¹).
- ! **Risk of injury** due to incorrect handling or heavy lifting.
- ! Risk of crushing or entrapment of fingers and hands (see addition²).

Mountable items

- ! Check the correct position and tight fit of all attachments after each assembly step.
- ! Incorrect assembly can significantly impair the safety and functionality of the product.

Risk minimisation measures

To minimise risks, the following safety measures should be observed:

- ! Observe the maximum load limit of the product. If this is not specified, please evaluate it yourself.
- ! Use suitable lifting and transport equipment.
- ! Always place the product on a stable, level surface.

Material and recycling information

The product is made of recyclable materials and should be disposed of in accordance with local recycling guidelines.

Important note:

We accept no liability for damage to people or objects caused by disregarding the safety instructions in this manual or for the product.

¹ Addition: Risk of cuts

Overloading or damage to the material can result in sharp edges that pose a risk of cuts. To avoid this:

- ! Never exceed the maximum load limit.
- ! Check the product regularly for damage or cracks and do not use it if there are any.

² Addition: Risk of crushing or entrapment

When stacking, folding or collapsing, there is a risk of crushing or trapping, especially if handled incorrectly or hastily. Avoid this by:

- ! Keeping hands and fingers away from mechanisms such as stacking, folding or collapsing areas.
- ! Carrying out movements slowly and in a controlled manner to prevent unintentional closing.
- ! If necessary, wear protective gloves for additional protection.
